Dear Robert:

I was unable to attribute some of the coins you sent for attribution, but I took a lot of notes that shows some share dies with others you have. I feel they may be unlisted varieties that should be inspected by Leroy Van Allen for possible new listing. I would describe them to him as follows:

1881-O (PCGS ...7333, ...1721). Both of these are the same die pair. Reverse die is a match for VAM 62. Obverse is different based on pictures I have. Doubling on top of first 8, no doubling on top of second 1. Obverse not same as VAM 26, which also has similar doubling on the first 8.

If you do send these coins to Leroy for attribution, you can return them to me with a copy of his description and this letter I will label them at no charge other than return shipping. For instructions for sending Leroy coins, refer to this page on VAMWorld:

<http://www.vamworld.com/Guidelines+for+Die+Varieties>. Leroy charges \$5 per coin plus return postage. You should include a copy of this letter and refer to my description. Where I mention differences with other coins, it would help to send these coins along for comparison to the subject coin. If you have multiple specimens from the same dies, sending an extra will also help with examination.

Best regards,

A handwritten signature in black ink, appearing to read 'John Baumgart', with a long horizontal flourish extending to the right.

John Baumgart
