Dear Robert:

I was unable to attribute one of the coins you sent for attribution. I feel it may be an unlisted variety that should be inspected by Leroy Van Allen for possible new listing. I would describe it to him as follows:

1881-O. Doubling on right side of 1 and left inside of upper loop of 8. No spike inside the 8. Mint mark centered and upright. At some angles, it looks like a light O/O, with the lower curve of the O showing in the bottom of the opening, but it's actually just a diagonal scratch through the O. I went through all the mint marks I have pictures of and couldn't find a match. I also couldn't find a match for the scratches in the wing-neck gap.

If you do send this coin to Leroy for attribution, you can return it to me with a copy of his description and this letter I will label it at no charge other than return shipping. For instructions for sending Leroy coins, refer to this page on VAMWorld: <http://www.vamworld.com/Guidelines+for+Die+Varieties>. Leroy charges \$5 per coin plus return postage. You should include a copy of this letter and refer to my description. Where I mention differences with other coins, it would help to send these coins along for comparison to the subject coin. If you have multiple specimens from the same dies, sending an extra will also help with examination.

Best regards,

A handwritten signature in black ink, appearing to read 'John Baumgart', written in a cursive style.
