July 31, 2017

Dear _____

I was unable to attribute some of the coins you sent for attribution, but I took a lot of notes that shows some share dies with others you have. I feel they may be unlisted varieties that should be inspected by Leroy Van Allen for possible new listing. I would describe them to him as follows:

1881-O (PCGS ...431). Reverse is the same as VAM 50. Obverse different. No doubled ear, different polishing in LIBERTY, and faint doubling on 18.

1881-O (PCGS ...844). Same obverse as VAM 9, but earlier. Same reverse as VAM 28.2.

1881-O (PCGS ...761). Same reverse as VAM 62, different obverse doesn't match either 62 or 63. Stronger doubling on 18 than usual, including doubling on surface of right side of upper loop of 8.

If you do send these coins to Leroy for attribution, you can return them to me with a copy of his description and this letter I will label them at no charge other than return shipping. For instructions for sending Leroy coins, refer to this page on VAMWorld: <http://www.vamworld.com/Guidelines+for+Die+Varieties>. Leroy charges \$5 per coin plus return postage. You should include a copy of this letter and refer to my description. Where I mention differences with other coins, it would help to send these coins along for comparison to the subject coin. If you have multiple specimens from the same dies, sending an extra will also help with examination.

Best regards,

John Baumgart
