Dear

I was unable to attribute one of the coins you sent for attribution. I feel it may be an unlisted variety that should be inspected by Leroy Van Allen for possible new listing. I would describe it to him as follows:

1881-O. Reverse is the same as VAM 1I, with multiple clashes visible at top edge of wing. First 8 doubled right inside lower loop rather distinctly. No obverse clashes, so obverse die was swapped out.

If you do send this coin to Leroy for attribution, you can return it to me with a copy of his description and this letter I will label it at no charge other than return shipping. For instructions for sending Leroy coins, refer to this page on VAMWorld: <http://www.vamworld.com/Guidelines+for+Die+Varieties>. Leroy charges \$15 for the first 3 coins, \$5 for each additional coin, plus return postage. You should include a copy of this letter and refer to my description. Where I mention differences with other coins, it would help to send these coins along for comparison to the subject coin.

Leroy is currently not accepting coins due to computer issues, health issues, and trying to get the annual supplements finished. He will let us know when he is again accepting submissions.

Best regards,

A handwritten signature in black ink, appearing to read 'John Baumgart', with a long, sweeping underline.
